

Nature Scavenger Hunt

Find and gather the items below.

- Leaves come in all shapes and sizes. Find 5 different types of healthy leaves
- Rocks are awesome! See if you can find a funny or interesting rock
- Nature has all kinds of textures. Can you find something FUZZY?!?
- Flowers bloom all through the spring to fall months in TN. Try to find a couple of flowers.
- Nature is full of fruits, a lot of them are mostly for the birds and small animals. Try to find some berries.
- Rocks are awesome! Find 5 cute tiny pebbles, even better if they are different colors!
- Twigs and sticks fall from trees, shrubs, and bushes. Try to find 2 interesting looking small twigs.
- Did you know BLUE is the rarest color found in nature? Big props if you can find something blue!
- This one may be hard too, but birds drop feathers all the time, see if you can find one!
- Moss is one of the smallest and most basic forms of plant life, try to find and gather a small bit of moss.

While gathering look for these other nature items to check off the list. (Don't Gather)
